

STENTYS: convening of another combined Shareholders' Meeting on June 15, 2015

PRINCETON, N.J. and PARIS - May 5, 2015 - STENTYS (FR0010949404 - STNT - PEA PME eligible), a medical technology company commercializing the world's first and only Self-Apposing® coronary stent, informs its shareholders that today's combined Shareholders' Meeting was unable to deliberate, as the required quorum was not reached. Shareholders are therefore invited to attend another combined Shareholders' Meeting, on the second call, to be held on Monday June 15, 2015 from 4 pm at "Club Confair", 54 rue Laffitte 75009, Paris, the agenda of which will be the same.

All of the documents pertaining to this Shareholders' Meeting are available to shareholders from the Company's head offices, and can also be found on the Company's website: www.stentys.com, Investors / Documentation / Assemblées Générales (Shareholders' Meetings): <http://www.stentys.com/28/6/documents/documentation.html>.

About STENTYS

STENTYS is developing and commercializing innovative solutions for the treatment of patients with complex artery disease. STENTYS' Self-Apposing® drug-eluting stents are designed to adapt to vessels with ambiguous or fluctuating diameters in order to prevent the malapposition problems associated with conventional stents. The APPOSITION clinical trials in the treatment of acute myocardial infarction showed a very low one year mortality rate and a faster arterial healing compared to conventional stents. The company's product portfolio also includes MiStent SES®, a coronary DES whose new drug delivery mechanism is designed to match vessel response, and is marketed through STENTYS' commercial network in Europe, the Middle East, Asia and Latin America. **More information is available at www.stentys.com.**

Safe Harbor Statements

This press release contains forward-looking statements about the Company that are based on numerous assumptions regarding the Company's present and future business strategies and the environment in which it will operate in the future which may not be accurate. Such forward-looking statements involve known and unknown risks which may cause the Company's actual results, performance or achievements to differ materially from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among others, risks associated with the development and commercialization of the Company's products, market acceptance of the Company's products, its ability to manage growth, the competitive environment in relation to its business area and markets, its ability to enforce and protect its patents and proprietary rights, uncertainties related to the U.S. FDA approval process, slower than expected rates of patient recruitment for clinical trials, the outcome of clinical trials, and other factors, including those described in the Section 4 "Risk Factors" of the Company's 2013 Registration Document (document de référence) filed with the French Autorité des Marchés Financiers on October 29, 2014 under number D.14-1026 as such section may be updated from time to time.
